I have American Home Shield warranty service and they are usually terrible to deal with. This contractor made it easy on me. He showed up at 10am, right in the middle of the 8am-noon window as-arranged. He was courteous and professional as well as friendly. The pool pump he installed was as-expected and works just fine. Thanks to the quick response, my pool did not even have a chance to turn green on me.

Steve Davis did a WONDERFUL job at explaining what our pool needed. He was quick, knowledgeable and responsive to all of our questions. Replacing a pool pump is a big job and it was a breeze with Steve!

Thanks again Steve for making us fall back in love with our pool! He even made sure the new pipes and old pipes were painted to match! We will always use him moving forward and love G2CC pools hard work and dedication!

Josh did a great job being on time and getting right to the planned project. Was professional and knowledgeable and didn't attempt to push additional unnecessary services or repairs which often occurred with my prior pool service company. I would recommend Josh and Green Green 2 Crystal

Jason and the team were quick to respond and deliver extremely fair pricing on a new pool filter. I highly recommend Green to Clear to any homeowners looking to exchange/repair or upgrade existing equipment. Couldn't be more pleased with my experience, I'll be using them again soon.

Put in a new cartridge filter, Acid wash and had my all of the calcium build-up removed from my tile. Jason and his team did excellent work and super knowledgeable what I needed to do to maintain my pool.

Highly recommended then would you use again!

Jason was exceptional. He was professional, on time and thoroughly explained what was wrong with my system. He answered all my questions. Erin, who works in the office, was also professional and friendly. She is very responsive and willing to help. Absolutely no complaints! This company was great. Ask for Jason if you use their services.

This company was the 3rd company we had come out and the only company to actually take things apart to figure out the true issue as well as explain things to us our Technician Jason was not only knowledgeable but very efficient he did an amazing job and even took time to explain a few things and gave helpful tips for upkeep they came with supplies and when they didn't have the part they went to pick it up immediately. Not only our Technician but just the people we initially talked to in the office were very professional and polite they stuck with there appointments and even called to confirm I would recommend them to my own mother great job guys very appreciated

Josh was professional, on time, explained what needed replacement in detail. Have had many pool repair companies throughout the year, and this was the very best, by far. Kudos to Josh and his excellent work.

Steven was the technician who came today. He was very knowledgeable and knew right away the problem with the pool. He took the time to explain thorough the issue and what he's able to do. He didn't have a part needed and came back the same do to complete the job. I would not hesitate to use them again.

I was having some problems with my system. Danny came out and instantly pinpointed the problem and resolved the issue immediately. He was able to tell me how it happened and how to avoid the same problem in the future. I had a few other questions and he went above and beyond to be helpful. The twenty years of experience he brought paid off for me. I highly recommend this company!

I called American Home Warranty Service, and was thankfully assigned Green 2 Crystal pools. Jason is hands down the best pool equipment repair guy EVER. He completely troubleshooted all the components right in front of me, and explained everything he was doing. Even though some repairs were not covered by the warranty, he quoted me WAY better pricing than any other place. Fantastic. 10 stars for honesty, and great service, even during CoVID.
